A book on the relationship between epistemology and ethics as illustrated in the debates around abortion and female feticide in the first and the third worlds.

A book on feminist and deconstructive critiques of science and scientism in a postcolonial context. Problems around the question of the scientific method and the ethical/political question of the relation to the non-human will appear prominently in the book.

The second edition of *Banglay Binirman/Abinirman* (2007) is about to be published. The book was reprinted in 2008 and been out of print for a few years.

Co-editing a Bangla collection of essays in honour of Raghav Bandyopadhyay, named *Bratyojaadukotha*.
